🔧 *Tech-Savvy & Development Enthusiast with a Strong Communication Drive*

PROFESSIONAL SUMMARY

I am a results-driven Software Engineer with a solid foundation in front-end web development, proficient in modern frameworks and other technologies. I hold a BSc and OND in Computer Science, with a passion for building scalable, user-friendly applications. Skilled in Agile methodologies, problem-solving, and effective collaboration with cross-functional teams. Seeking to contribute to innovative projects that empower developers and improve productivity.
